Dear Mr. Thompson:

There are three separate applications on this project. This application is for a new at-grade crossing for the realigned Ray Road and removal of the existing at-grade crossing for the present Ray Road (AAR/DOT # 748-721U RRMP 930.64) and removal of the existing at-grade crossing at grade for the present Greenfield Road (AAR/DOT # 748-722B RRMP 930.66).

Attached is a map to help illustrate the project. Construction of this project will begin in December of this year. Please furnish our office with an Opinion and Order to cover the new at-grade crossing for the realigned Ray Road and permit removal of the two existing at-grade crossings. The Railroad Company has signed the Agreement covering the work. One Agreement and ten copies of this application are attached for your information and files.

Respectfully,

Joe Schwer, PE
